Each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be expressed in any such deed or other conveyance, covenants and agrees to pay to the Association: (i) annual regular assessments or charges ("Regular Assessments"), and (ii) Special Assessments for capital improvements ("Special Assessments"; collectively, together with Regular Assessments, the "Assessments"). Such Assessments (collectively, the "Assessments") are to be fixed, established and collected as provided herein and/or in the Bylaws of the Association. Assessments, together with such interest thereon and costs of collection thereof, as hereinafter provided, shall be a charge on the Lot and shall be secured by a continuing lien which is hereby created and impressed for the benefit of the

Association upon the Lot against which each such Assessment is made. Each such Assessment, together with such interest costs and reasonable attorney's fees shall also constitute a personal obligation of the person that was the record Owner of such Lot at the time of the Assessment. The personal liability obligation for delinquent Assessments shall not pass to purchasers or assignees who are successors in title unless expressly assumed by such successors; however the lien upon the Lot shall continue until paid.

1.21 USE OF ASSESSMENTS. The Assessments levied by the Association shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of the Owners of the Lots, the improvement and maintenance of the Common Areas, and the performance and/or exercise of the rights and obligations of the Association arising hereunder. 1.22 BASIS AND MAXIMUM OF ANNUAL ASSESSMENTS.

(a). Subject to the provisions of Section 4.3 (b) below the maximum Regular Assessment shall be no greater than \$340.00 per Lot. The Board shall fix the amount of the Regular Assessment at least thirty (30) days in advance of each Assessment year, which shall be the calendar year.¹ Written notice of the Regular Assessment shall be given by the Board to each Member as soon as practicable after fixing the same. The Assessment is an obligation created each January 1st, though billed at some point after that. If a property is sold during a calendar year, the dues may be prorated between the buyer and seller, but that is a negotiated term of the sale and handled during the sale by the title company. The Board may recommend a rate less than the maximum allowed and the Membership shall demonstrate their acceptance by simple majority vote at a regularly scheduled meeting.

(b). The Regular Assessment may be increased in the sole discretion of the Board in an amount up to ten percent (10%) over the preceding years Regular Assessment; provided however that any increase above the maximum Regular Assessment as set forth in Section 4.3 (a) or more than ten percent (10%) over the preceding year's Regular Assessment shall be done only by the prior written approval of no less than sixty-seven (67%) of the outstanding votes (determined pursuant to Section 3.2 hereof) held by the Members at a meeting of the Members at which a quorum is present.

1.23 SPECIAL ASSESSMENTS. In addition to the Regular Assessment authorized above, the Association may levy, in any assessment year, a Special Assessment applicable to that year only, for the purpose of defraying, in whole or in part, other costs incurred by the Association, or proposed to be incurred by the Association pursuant to the provisions of this Declaration, provided that any such Special Assessment shall have the prior written approval of no less than sixty-seven (67%) of the outstanding votes held by the Members at a meeting of the Members at which a quorum is present. Any Special Assessments shall be prorated based on the period of time the Owner owns the Lot during such year.

1.24 NOTICE AND QUORUM FOR ACTION UNDER SECTIONS 4.3 AND 4.4. Written notice of any meeting called for the purpose of taking any action authorized under Sections 4.3 and 4.4

¹ Required each calendar year on or before December 2

hereunder shall be given to all Members not less than ten (10) days nor more than thirty (30) days in advance of such meeting. At such meeting, the presence of Members or of proxies entitled to cast sixty percent (60%) of all the votes entitled to be cast by the Members of the Association shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirements and the required quorum at the subsequent meeting shall be one half (1/2) of the required quorum at the preceding meeting.

1.25 UNIFORM RATES. Assessments shall be fixed at a uniform rate for all Lots, except as specifically authorized herein, and shall commence and be due in accordance with the provisions of Section 4.7 hereof. Each Owner shall pay one hundred percent (100%) of the established Assessment for each Lot he or it owns.

1.26 COMMENCEMENT OF ASSESSMENTS: DUE DATE.

(a). The Assessments shall be due on such payment dates as may be established by the Association. Assessments shall be due and payable on an annual basis unless otherwise designated by the Association.

(b). The Association shall fix the amount of the Regular Assessment at least thirty (30) days in advance of each Assessment year, which shall be the calendar year unless otherwise designated by the By-laws; provided, however, that the Association shall have the right to adjust the regular annual Assessment upon thirty (30) days written notice given to each Owner, as long as any such adjustment does not exceed the maximum permitted pursuant to Section 4.3 hereof. Written notice of an adjusted Regular Assessment shall be given as soon as is practicable to every Owner subject thereto. The Association shall, upon demand at any time, furnish a certificate in writing signed either by the President, Vice President or the Treasurer of the Association setting forth whether the Regular and Special Assessments on a specified Lot have been paid and the amount of any delinquency. A reasonable charge may be made by the Association for the issuance of these certificates. Such certificates shall be conclusive evidence of payment of any Assessment therein stated to have been paid.

(c). No Owner may exempt himself from liability for Assessments by waiver of the use or enjoyment of any portion of the Quail Creek Subdivision or by abandonment of his Lot.

1.27 EFFECT OF NON-PAYMENT OF ASSESSMENTS: REMEDIES

(a). Payment of Assessments shall be both a continuing affirmative covenant personal to the Owner and a continuing covenant running with the Property.

(b). Any Assessment provided for in this Declaration, which is not paid when due shall be delinquent. If any such Assessment is not paid within thirty (30) days after the date of delinquency, the Assessment shall bear interest from the date of delinquency, until paid, at the rate of ten percent (10%) per annum or the maximum rate allowed by law, whichever is the lesser. The Association may, at its option, bring an action at law against the Owner personally obligated to pay the same; or, upon compliance with the notice provisions hereof, foreclose the lien against the Lot as provided in Subsection 4.8(d) hereof. There shall be added to the amount of such Assessment the costs of preparing and filing the complaint in such action, and in the event a judgment is obtained, such judgment shall include said interest and reasonable attorneys fee, together with costs of action. Each Owner vests in the Association or its assigns, the right and power to bring all actions at law or in equity foreclosing such lien against such Owner and the expenses incurred in connection therewith, including interest, costs and reasonable attorney's fees shall be chargeable to the Owner in default. Under no circumstances, however, shall the Association be liable to any Owner or to any other person or entity for failure or inability to enforce or attempt to enforce any Assessments.

(c). No actions shall be brought to foreclose said Assessment lien or to proceed under the power of sale herein provided in less than thirty (30) days after the date a notice of claim of lien is deposited with the postal authority, certified or registered, postage prepaid, to the Owner

of said Lot, and a copy thereof is recorded by the Association in the Office of the County Clerk of Rockwall County, Texas. Said notice of claim must recite a good and sufficient legal description of any such Lot, the record Owner or reputed Owner thereof, the amount claimed (which may, at the Association's option, include interest on the unpaid Assessment at the maximum legal rate, plus reasonable attorney's fees and expenses of collection in connection with the debt secured by said lien), and the name and address of the Association.

(d). Any such sale provided for above is to be conducted in accordance with the provisions of the Texas Property Code, including Chapter 51 thereof, as amended, applicable to the exercise of powers of sale in mortgages and deeds of trust, as set forth in the Texas Property Code including chapter 51 thereof, as amended, in connection with the Assessment lien. The Association, through duly authorized agents, shall have the power to bid on the Lot at foreclosure sale and to acquire and hold, lease, mortgage and convey the same.

(e). Upon the timely curing of any default for which a notice of claim of lien was filed by the Association, the officers of the Association are hereby authorized to file or record, as the case may be, an appropriate release of such notice, upon payment by the defaulting Owner of a fee, to be determined by the Association but not to exceed the actual cost, including attorney fees, of preparing and filing or recording the lien and the release and any other expenses associated with the collection of the Assessments.

(f). The Assessment lien and the right to foreclosure sale hereunder shall be in addition to and not in substitution of all other rights and remedies which the Association and its successors or assigns may have hereunder and by law, including the right of suit to recover a money judgment for unpaid Assessments, as above provided above.

1.28 SUBORDINATION OF LIEN TO FIRST MORTGAGES. The lien securing the Assessments provided for herein shall be subordinate to the lien of any first lien mortgage. The sale or transfer of any Lot shall not affect the Assessment lien. However, the sale or transfer of any first lien mortgage, pursuant to a decree of foreclosure or a non-judicial foreclosure under such first lien mortgage or any proceeding in lieu of foreclosure under such first lien mortgage or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such Assessments as to payments thereof which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessment thereafter becoming due, in accordance with the terms herein provided.

1.29 EXTRAORDINARY CIRCUMSTANCES. Extenuating Extenuating circumstances, reasonably beyond the control of Owner, including but not limited to involuntary severance from work, catastrophic illness, or other Acts of God, shall be thoughtfully considered and given great weight before any action allowed under Section 4.8 is taken.

1.30 EXEMPTION FROM ASSESSMENTS. All real property in the Quail Creek Subdivision dedicated to the local public authority and/or devoted to public use and all Common Areas are exempted from Assessments, charge and lien.

1.31 MANAGEMENT AGREEMENTS: The Association shall be authorized to enter into management agreements with third parties in connection with the operation and management of the development and the performance of its obligations hereunder. A copy of all such agreements shall be available for review by each Owner. Any and all management agreements entered into by the Association shall provide that said management agreement may be canceled with or without cause and without penalty by either party with thirty (30) day written notice. Any and all management agreements shall be for a term not to exceed one (1) year and shall be made with a professional and responsible party or parties with proven management skills and experience managing a project of this type. The Association may, at its discretion, assume self-management of the development by the Association.

1.32 INSURANCE REQUIREMENTS. The Association through the Board, or its duly authorized agent, shall obtain insurance policies covering the Common Areas and covering all damage or injury caused by the negligence of the Association, any of its employees, officers, directors and/or agents,

commercial general liability insurance, directors and officers liability insurance, and such other insurance as the Association may from time to time deem necessary or appropriate.

1.33 FILING OF SIGNED AGREEMENT. Upon purchase of a Lot, the Owner will forward signed copies of this Agreement to the Association as evidence of constructive notice of its contents.

ARTICLE V: PROPERTY RIGHTS

It is proposed that the Common Areas shall be improved only to the extent of landscaping and planting, including such screening fences and walls as are prudent for security and safety of the Quail Creek Subdivision and Owners, and the inclusion of park gazebos, picnic tables, playground equipment and other such common amenities as the Board may approve from time to time. The Association shall not, except as the Board may reasonably deem appropriate to comply with applicable laws or to protect the health, safety or welfare of the Owners, cause (a) any building or structure to be constructed within the Common Areas; or (b) allow any interference or conflict with the natural or planted vegetation or trees in the Common Areas. The foregoing shall not imply any obligation on the part of the Association to provide any particular enhancement to the Common Areas or render the Association in any way responsible for the actions of any Members or other parties on or in connection with the Common Areas.

The Association is not responsible for, nor holds any liability for, any loss, damage, injury or harm that may occur as a result of an Owners or an Owner's guest's use of the Common Areas. Any Persons using the Common Areas for recreational purposes, active or passive, or for any other purpose does so at their own risk. Owners hereby agree to indemnify the Association for any and all damages or liabilities that may result from any loss, damage, injury or harm that may occur as a result of use of the Common Areas.

ARTICLE VI: ARCHITECTURAL REVIEW COMMITTEE [ARC]

1.34 PURPOSE. The ARC shall be composed of three (3) representatives elected by the Association pursuant to the Bylaws that shall serve as a gate-keeping function for maintaining a harmonious architectural style and attractive appearance of all improvements that are constructed or erected in the Quail Creek Subdivision. The ARC may create "Architectural Guidelines" setting forth various standards relating to the building materials and construction specifications for improvements constructed upon any Lot.

1.35 APPROVAL OF PLANS. No residence, building, septic system, fence, wall or structure of any kind or character (either permanent or temporary) shall be erected or placed, or the erection or placing thereof commenced or changes made in the design thereof or any addition made thereto or exterior alteration made therein after original construction, on any Lot in the Quail Creek Subdivision without the prior written approval of the ARC.

1.36 PLAN SUBMISSION AND APPROVAL PROCEDURE

(a). Plans and specifications shall be submitted to the ARC at least fourteen (14) days prior to the commencement of any construction or modification. The following shall be submitted to the ARC in duplicate for approval: a site plan showing the entire Lot with existing improvements, proposed Lot drainage, detailed sanitary sewer septic system (which must comply with state and local regulations), floor plan and elevations of all faces of the proposed structure; and a description of all exterior construction materials. Such plans and specifications shall show the nature, kind, shape, height, materials, location and all other material attributes of the Residence or building, improvement or structure being constructed. A copy of such documents shall be retained by the Association pursuant to the Bylaws. The ARC shall review the plans and specifications and notify

the Owner in writing of its approval or disapproval. If the ARC fails to approve or disapprove said plans and specifications within fourteen (14) days after the same has been submitted to the ARC, they will be presumed to have been approved by the ARC provided, however that such inaction shall not waive compliance with these Covenants and Restrictions. Any disapproval shall set forth the elements disapproved and the reason or reasons thereof. The Owner shall promptly correct the plans and specifications (if disapproved) and resubmit them for approval. No construction, alteration, change or modification shall commence until approval of the ARC is obtained. (See *Architectural Review Committee Denial Recourse Policy* for further guidance.) The ARC may approve any deviation from these Covenants and Restrictions as the ARC, in its sole discretion, deems consistent with the purpose hereof. (See also Subsection 6.6.) Any future request for a deviation by an Owner shall be reviewed separately and apart from other such requests and the grant of a deviation to any Owner shall not constitute a waiver of the ARC's rights to strictly enforce the Restrictions and the architectural standards provided herein against any other Owner.

(b). The ARC shall have the right, in its sole and exclusive discretion, to disapprove any plans, specifications and/or plats submitted for review and approval for any of the following reasons: (i) if such plans, specifications and/or plats are not in accordance with any of the provisions of these Covenants and Restrictions or the codes, ordinances and regulations of the City of McLendon-Chisholm, Texas, or any other applicable laws or regulations; (ii) if the external design, elevation, appearance, location or color scheme for the proposed improvements are not in harmony with the general surroundings of the Quail Creek Subdivision or with existing or proposed adjacent structures or with the topography thereof; (iii) if the plans, specifications and/or plats submitted are incomplete; (iv) if the design, appearance or location of any landscaping is not in harmony with the general surroundings or topography thereof; (v) if the plans do not provide for adequate structural integrity or structural support for the improvements; (vi) if the plans, specifications and/or plats do not provide for approved quality of materials or finished grade elevation; or (vii) if the ARC deems the plans, specifications and/or plats, or any part thereof, to be contrary to the interest, welfare or rights of any or all parts of the Quail Creek Subdivision.

1.37 NO LIABILITY; DEVIATIONS. Notwithstanding anything herein to the contrary, the approval of the ARC as to any plan, specification, and/or plat submitted shall constitute only an expression of opinion that the terms and provisions hereof would be complied with if the Residence, building, structure or other proposed improvement is constructed and erected in accordance with said plans, specifications and plats. Neither the Members of the ARC, the Board, or the Association shall be liable for damages or otherwise to anyone submitting plans and specifications for approval to any Owner by reason of mistake of judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any plans or specifications. Any errors in or omissions from the plans submitted to the ARC shall be responsibility of the Owner, and the ARC shall have no obligation to check for errors in, or omissions from, any such plans or to check statutes, ordinances, the Plats or other applicable rules or regulations relating thereto. No Member of the ARC shall be personally liable to any Owner for any claims, causes of action or damages arising out of the denial of any submittal or grant of any deviation to an Owner. Future request for deviations submitted hereunder shall be reviewed separately and apart from other such requests and the grant of a deviation from these Restrictions to any Owner shall not constitute a waiver of the ARC's Committees rights to strictly enforce the Declaration and the architectural standards provided herein against any other Owner. Approval by the ARC of the plans and specifications or its determination that the completed construction or modification has been constructed in accordance with the plans and specification shall be deemed to be an acknowledgment by the ARC that such are in accordance with these Covenants and Restrictions and such acknowledgment shall be binding against the Owners of the Lots and the Property. The ARC shall not be responsible in any way for any defects in any work done in connection with such plans, specifications and plats.

1.38 SELECTION OF COMMITTEE. The ARC shall be comprised of three (3) Members elected annually by the Members at the Annual Meeting of the Members. A vacancy in any seat of the ARC due to the death, resignation, removal, or disqualification of an ARC Member shall be filled by the Board, pursuant to the Bylaws. The Member appointed to such vacancy shall serve for the remainder of the term of the ARC Member replaced.

1.39 EXCEPTIONS AND ADJUSTMENTS. The ARC may allow reasonable exceptions and adjustments that may deviate from the Conditions and Restrictions contained herein in order to overcome practical difficulties and prevent unnecessary hardships in the application of the restrictions contained herein; **provided, however that the ARC exercises such authority in conformity with the intent and purposes hereof** and such exception or adjustment will not be materially detrimental or injurious to other Lots or improvements in the Quail Creek Subdivision.

1.40 HOMEBUILDERS. Notwithstanding anything to the contrary contained herein, once a particular set of plans and specification submitted by a homebuilder (which for purposes hereof shall be defined as any entity or person in the business of constructing single family residences for the purpose of sale to third parties) has been approved by the ARC or deemed approved, such homebuilder may construct homes on the Properties in accordance with such plans and specifications without the necessity of obtaining subsequent approvals therefor, so long as there are no major material changes in the plans and specifications.

ARTICLE VII: CONSTRUCTION OF IMPROVEMENTS AND USE OF LOTS AS TO ALL PHASES OF DEVELOPMENT

1.41 RESIDENTIAL USE. All Lots in the Quail Creek Subdivision shall be used for single-family residential purposes only. No structure shall be erected, altered, placed or permitted to remain on any Lot except one (1) single-family dwelling intended for living and containing rooms for, at a minimum, sleeping, kitchen and bathroom facilities ("Residence") per Lot and such other customary and usual structures as may be permitted hereunder and approved by the ARC. The Residence may not exceed two and one-half (2 1/2) stories in height and a private garage as provided herein. The construction of any structure on any Lot shall conform to the City of McLendon-Chisholm Comprehensive Zoning Ordinance of 1982 (as amended, modified, and supplemented from time to time) and all other applicable statutes, laws, and ordinances. Additions or extensions to existing single-family residences must have a contiguous slab and incorporate a continuation of the existing roofline.

1.42 GARAGE. Each residence shall have an enclosed garage with sufficient space for parking a minimum of two (2) standard size automobiles, which garage shall conform in design and materials with the Residence. Each garage shall open only to the side or rear of the Lot so as not to face a residential street.

1.43 NO RE-SUBDIVISION. No Lot or combination of Lots shall be subdivided into smaller Lots so as to create more Lots than is described in Exhibit A & B hereto [Phase I & Phase II].

1.44 DRIVEWAYS. All driveways shall be surfaced with concrete or similar substance approved in writing by the ARC. Hot mix asphaltic concrete is prohibited.

1.45 USES SPECIFICALLY PROHIBITED.

(a). Except as expressly approved by the ARC, no temporary structure of any kind shall be erected or placed on any Lot without the approval of the ARC. In no instance shall more than one residence be erected or placed on any one Lot. No building material of any kind or character shall be placed or stored upon any Lot until construction is ready to commence, and then such material shall be placed totally within the property lines of the Lot upon which the improvements are being erected.

(b). No mobile home shall be allowed either temporarily or permanently on any Lot.

Enforcement may be commenced by the Association or any Owner against any person or persons violating or attempting to violate them, and failure by the Association or any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.
